

REMARKS

Applicants amended claims 4, 18, and 32 to clarify the antecedent basis of the “access list” element.

Applicants amended claim 15 to clarify the antecedent basis of the “current work item” element.

Applicants amended claims 6, 20, and 34 to clarify the antecedent basis of the “work item” element.

Applicants request entry of these amendments.

On page 2 of the Examiner’s Amendment, dated July 9, 2007, the Examiner showed amendments to a claim listed as “15”. Applicants believe that the Examiner intended to show amendments for claim “20”, not 15.

In the statement of reasons for allowance the Examiner provided various reasons for allowance. Applicants will not specifically address or respond herein to the issues/points raised by the Examiner in the Examiner’s provided remarks. However, this should not necessarily be viewed as constituting acquiescence by Applicants as to the correctness of some or all of the Examiner’s provided remarks.

Moreover, Applicants note that the claims are directed to various combinations of features. It is respectfully submitted that the patentability of each of the allowed and allowable claims resides in every feature of the recited combination of features of the claims in addition to the features noted by the Examiner.

Applicants submit that no new claims or new matter has been added to the application. Nonetheless, should any additional fees be required, please charge Deposit Account No. 09-0460.
